

CLOSE AND CLOSER UPS
July 27, 2010

By Michael Erlewine (Michael@Erlewine.net)

Taken at Big Rapids, Michigan

I can't do this every day because it takes too much time, but here are some shots taken today, showing you what will fit on Facebook (720 pixels, long side) and an insert of a closer view. The originals are 4032x6048 pixels and many are dramatically beautiful, not because of my photography but because of the subject matter and the ability to see deep into details. Let me know if this is helpful.
