

HIGH-RES MACRO AND CLOSE-UP NATURE PHOTOS - ALBUM TWO
February 21, 2011

By Michael Erlewine (Michael@Erlewine.net)

Taken at Big Rapids, Michigan

Here is another group of macro photos that you can view in something near high resolution, although the originals are twice as large as these. Those who take the time to see them large, let me know if you like them.

THESE ARE A REAL TRIP IN HIGH-RES, at least for me.
