

MEET YOU IN NEW ORLEANS!  
June 23, 2011

By Michael Erlewine ([Michael@Erlewine.net](mailto:Michael@Erlewine.net))

UAC, the United Astrology Conference meets every four years and from next May 24 through the 29th, 2012 it meets in New Orleans. The last UAC (held in Denver) had 1500 astrologers and 150 or so speakers. This coming event looks to be popular and New Orleans may be the most interesting city in America IMO.

Of course I love the music of New Orleans, the food, and the intoxicating atmosphere. I am scheduled to be there and hope that some of you make it as well. We will have a large booth and maybe even some of my New Orleans musical friends performing, and I will be given a talk as well. See you there if you can.
