

MY SUMMER CHAIR
March 27, 2011

By Michael Erlewine (Michael@Erlewine.net)

Well, winter returned with a rush and cancelled spring, at least for a while. We have had very cold temperatures, down into single digits at night.

Here is a photo of a patio chair which has icicles of its own to worry about. One bright note is the sunlight. It has been too cold for clouds.

Some of you down south: I am ready to drive down and visit you!
